Grapple Question:

What's the Right Way to Pray?

Kids Learn:

Practicing Prayer

Dig Into the Bible:

Matthew 6:5-13

"Our Father in heaven..." Familiar words to almost everyone. But the Lord's Prayer (found in Matthew 6) is more than just a few verses that are often recited in church—it's a pattern that teaches us how to pray. This week, plan a family prayer time and use this format to help you pray:

Respect—start by praising and honoring God.

Request—ask God for things you need and want.

Repent—confess your sins and ask for forgiveness.

Encourage each member of your family to write these three words down so you can all remember the prayer pattern God teaches us.
