What About When My Parents Are Unfair?

Kids Learn:

Honoring Authority

Dig Into the Bible:

John 12:49; 1 Corinthians 13:11-12; 1 Peter 2:18-25

This week, share with your child about a specific time you felt your own parents were being unfair to you when you were a child. Then tell about how you later understood why your parents treated you that way—if you did. Did you learn the reason they made you do a certain thing, or that what your parents did was really for your own good? Explain that sometimes things may seem unfair, but only because we don't understand all the circumstances.
