

Family Activity

I Have The Power - Block off one room of your house so that it is completely dark with no light at all. Then put two items in the room that are identical except for color. For example: a red cup, and a blue cup. Tell your child that you want them to go in the room and get one of the items that is a specific color. Ask them, "If the room is pitch dark how will you be able to tell the difference in the colors?" When he or she doesn't know, say that you know they can't do it, but you will go with them and help them. Tell them, "I have the power to help you. Will you trust me?" Go into the dark room with them and then pull out a bright flashlight and help them find the correct item. Then tell them that they had to trust that you had the power to help them find the right item. Remind them that when God asks us to do something, He has the power to help us do it.
