Taking Care of God's Creation

FAMILY ACTIVITY

To help your children learn about taking care of God's creation, you can have them be the caretakers of a pet or plant for the week.

1. Assign each child a job to do. These jobs might include feeding the pet, giving the plant or pet water, feeding and walking the pet, or moving the plant outside to get some sunshine.
2. Each time they do the job, remind them that they are taking care of God's creation.
3. At the end of the week, talk about all the ways your family took care of God's creation.

Take time to thank God for all the things He created.
