**FAMILY
ACTIVITY**

To help your children see the importance of following instructions, make some cookies with them.

1. When you make the cookies substitute wrong ingredients for the right ones. For example use sand instead of flour, pebbles instead of chocolate chips, and dirty water instead of milk.
2. Once you have mixed up the cookie dough, ask the children if they think the cookies made with pebbles, dirty water, and sand would taste good.
3. Remind them that when we don't follow instructions the way they are given to us, things will not go as well.
4. Wrap up the activity by making cookies following the correct instructions.

Pray and thank God for His instructions in your lives and then enjoy those cookies!
