The Christian life was never meant to be lived alone. We are designed to live in community and at Creekside we gather weekly in homes to share, study God's Word and support one another spiritually. We want everyone here to enjoy this kind of community and are seeking lots more leaders and hosts. Sound scary? It's really not.

If you have the ability to help people engage in group conversation (relational warmth) and have a heart to see people grow closer to Jesus (spiritual warmth), then we would love to talk with you about leading and/or hosting a LifeGroup either now or this fall. Pray about what God might be prompting you to do and then please contact Melissa Yocum or complete an Application (on-line or at the Connection Center).
